President Robert Ajaye called the meeting to order at 6.05 PM.

Brother Ajaye began the meeting by introducing our guest speaker, Sister Lillian Roberts, Executive Director of District Council 37.

Sister Roberts thanked the members for the invitation to address the meeting. She said that our union has many important things to do. She said that the union has published a white paper report that describes savings of about \$130 million that are possible to the city by reducing the use of contracted workers and that this is just the tip of the iceberg. She said that DC 37 will have posters in the subways and will be distributing leaflets in the streets to publicize this issue. Sister Roberts continued and said that the total value of city contracts is approximately 9.2 billion dollars.

Sister Roberts said that DC 37 will be starting a public campaign to let the public know that the administration is squandering its money on wasteful contracts. Sister Roberts said that members must know these issues and tell their friends and neighbors about them. Sister Roberts said that she has testified before the city council on these issues.

Sister Roberts asked members to make themselves aware of these issues and to volunteer to help our union's campaign. She said that our union's campaign will have various leaflets that tell our story and we will also have community meetings.

2<sup>nd</sup> vice-president Sister Cynthia Perkins said that our local had distributed lists of elected representatives to our shop stewards at shop steward training to help members network and contact their representatives.

Sister Roberts said she will calling on all members of DC 37 to help in this campaign and thanked the members for the opportunity to address the local's meeting.

Brother Ajaye introduced Sister Barbara Terrelonge of the DC 37 Research and Negotiations division. Sister Terrelonge said that she is responsible for negotiating the contract and layoff procedures for our local. She said that the city has to give the union 30 days official notice of any layoffs, which includes the names of any at-risk members. She said that the research department reviews each person's civil service status and seniority date to ensure that the contract is followed.

Brother Kenny Williams (DoITT) asked about the distinction between provisionals and permanents.

Sister Terrelonge said that permanents may be on a layoff list, but they must be in seniority order, and they have the right to be put on a special transfer list which may give them the right to move to another agency in title with their seniority.

Brother Gilbert Sambolin (DOE) asked about the status of the new civil service title, Customer Information Representative at the Department of Education. Sister Terrelonge said that DC 37 has filed a petition to represent the title, but that another union was also fighting to represent the title. Sister Terrelonge said that DC 37 believes that it holds a community of interest with the title and will win the petition. She said that the Office of Collective Bargaining will make the decision about which union and local will represent the title.

Brother Joe Izzo (NYPD) asked if the proposal to reclassify the computer titles from competitive to non-competitive had been approved by the Commissioner of DCAS ? Sister Terrelonge said that the proposal had not been approved yet.

Council Representative Brother Raul Martinez swore in newly elected Shop Steward Sister Nilsa Gonzalez of NYCHA.
