

31 • **Presidents Report**

32 President Ajaye stated that he had just a few remarks and would keep his report short. He  
33 spoke on the payment of the signing bonus as well as the increase in compensation. Where  
34 possible he gave tentative dates for the payments. There is a problem at School Construction  
35 Authority. There are a total of ninety three workers at SCA and only 4 of them are Local 2627  
36 members. The Local and DC 37 are working with SCA in an attempt to accrete these individuals  
37 into 2627. This will be a difficult process and will take some time to accomplish. President Ajaye  
38 again mentioned that it is very important that we get our members active in union business.  
39 Active members make for a strong union.

40 President Ajaye then turned the floor over to Steward Goldstein a Workman's Compensation  
41 litigator from the firm of Rubin Abramson. Mr. Goldstein spoke on the importance of timely  
42 action when filing a claim for compensation. He also noted that thorough documentation is  
43 extremely important when filing a claim. He left material and business cards and told members  
44 to contact his firm if they had any questions.
