Brother Chowdhury made the motion to accept. Brother McClain seconded. A vote was taken, and the motion passed.

President Morand answered questions the members put forth. Some issues were who can work at home and who must come to work. Any title that requires tech support must come in. The software titles should not be going in. There were questions regarding reorganization. The agency does have the right to move people around. The members should still be working in title. There was a question regarding DC37 opening a vaccine site. David Boyd said he would investigate it. In addition, Agencies have the right to know what you are doing on a daily / weekly basis.

40 President Morand mentioned to the membership that it can take up to 8 months to get your full  
41 pension payment. You must save your money to cover the time period that you will not receive  
42 the complete amount.

43 President Morand recommended making an appointment for pension counselling.

44 Members are able to work from any location, however if you are called to come back to the office  
45 you must be able to get to work.

51 The Governor mandated testing and vaccines. Teachers must be tested on a regular basis or  
52 they are off payroll and on leave. This testing is for DOE and it may grow.

53 Members who are mandated to work OT and are given CT is wrong and it is something the Local
